SUBJECT:	Thanks and Appreciation		

Dear Paul

I am writing this letter to express my thanks and appreciation for the part you have played in my employment as Senior Customer Service Officer at Pinnacle Wealth Institute.

I found your style of recruitment both effective and refreshing, and would have no hesitation in recommending any potential client or candidate to utilise your services.

This relates to your well-written and eye-catching advertisement, your effective interview technique, and your genuine style.

I also write this letter from an interesting perspective, having worked a number of years as a Recruitment Consultant myself (as you know). I know from my own experience that a personal touch and a down to earth approach always goes a long way towards learning the most about your candidates. I am sure that your clients would no doubt feel the same.

Once again, thanks for everything. I feel that I have gained a business contact, a mentor, and a friend.

Sincerely,

EARL DIGBY
