Hello Paul,

My pleasure. Thank you for the gift basket and sorry I haven't caught up with you before Xmas. I have been traveling a lot and WiredCity has had a very good year sales wise which has kept me occupied with 80% signed within the last four months.

The two sales guys Chris and Bob have started very well and have already started to make a positive difference. Thanks to you!

Your assistance this year is greatly appreciated.

Best wishes to you and your family for a happy Christmas and 2004.

Kind Regards,
Chris Farquhar

Hi Chris

Thanks for your lovely Xmas gift. A very pleasant surprise, and I know Mad Fish make a really nice drop which I look forward to enjoying with friends over the coming break. I hope you will be enjoying some well earned time off, and I too look forward to working with you and your team again in 2004.

Regards
