To Whom It May Concern:

Cape Grace Wines was established over 7 years ago and Dene Marfleet has been our accountant from that time. His reputation preceded him and we have been extremely happy with the quality service he provides.

Dene helps with our end of year tax accounts, business planning and cash flow management throughout the year. He understands the wine business and is much more realistic than other accountants we have used in the past. He's not just a bean counter he looks at things from a small business perspective, is very hands on and gives practical solutions.

Accountants can be intimidating, however Dene is very approachable and the financial expertise offered is invaluable.

Yours sincerely
