To Whom it may concern

For over six years Dene Marfleet has been the nominated auditor for Hillarys Yacht Club. During this time his principle function has been auditing, however he has also provided very useful advice on business management. In particular his review of our asset management systems and the subsequent streamlining was excellent and has saved the Club substantial time and money at the end of each year.

On a personal note, his sense of humour and casual approach is a refreshing change from formal accountant / auditor relationships. We really appreciate the continuity and level of service we receive from Dene.

He delivers sound advice and information, in accordance with accountancy standards, in a professional and timely manner. He is very flexible and will do a lot of running around to ensure that at the end of the day we get what we really want. I recommend Mr Dene Marfleet to you.

Yours sincerely

Dennis Allison
General Manager
Hillarys Yacht Club
