To Whom It May Concern

Gary Pudney of Edensilk built our website, through which we sell our merchandise through an Edensilk Shopping Cart. Edensilk continue to maintain our website.

The service provided by Edensilk has been exceptionally good. Our website was built with very little input or assistance from ourselves, whilst we were consulted throughout. The end result has encompassed all our requirements very thoroughly and is both creative and clear. The maintenance provided has been very efficient and caring.

Edensilk have provided beyond the call of duty in looking after us at Feral Brewing Company and we have no hesitation recommending their services.

Yours Sincerely

Gillian Lamont
Company Secretary
